President's Message

I hope you all had a great Thanksgiving Holiday! We are fortunate to live in Southern California; as our winter has been mild and there is still good fishing so don't put your gear away too soon!!

I want to thank Stan Mahler for his role as DAC President for 2018, his leadership helped maintain the direction and drive of the 2018 DAC Board of Directors. For 2019 we have some new additions to the DAC Board of Directors, I want to thank those of you that joined the Board and for those that have stayed for another exciting year.

As we rapidly close in on the end of 2018, the DAC Board has already been busy planning for the 2019 DAC Season. We have a lot planned for the 2019 DAC Calendar, so make sure we have your current contact information: Mailing Address, Email and Phone Number. You will soon be receiving your 2019 Membership renewal,

Wishing you all a Merry Christmas and Happy New Year!!

Tight Lines in 2019!

Chris Bailey
2019 DAC President

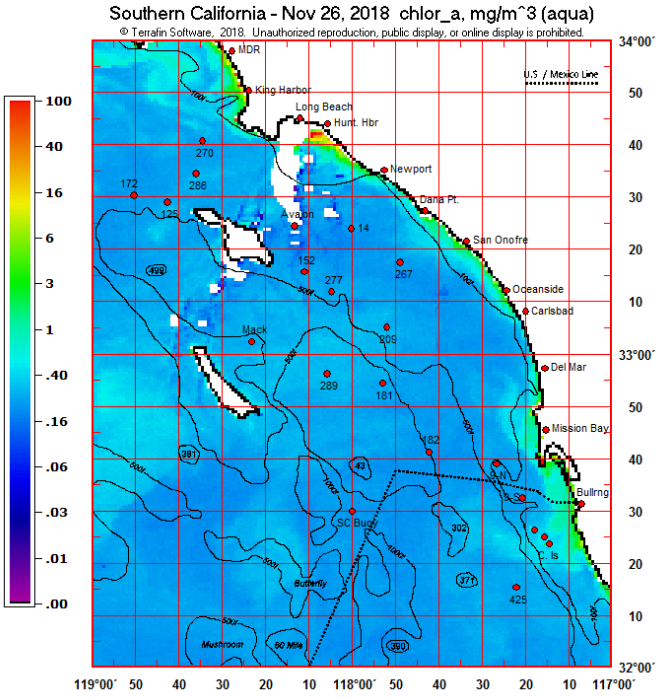
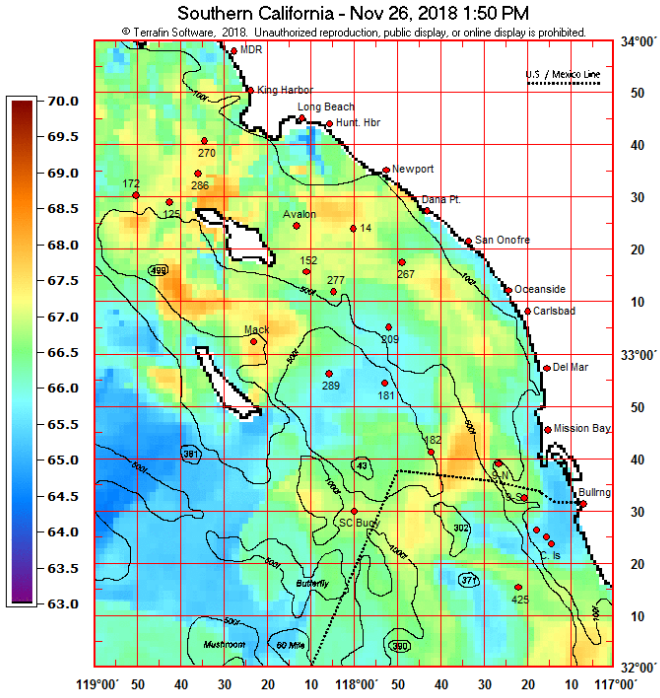
Fishing Report

As of November 29, 2018

Our coastal water is clean and starting to cool a little. Offshore waters are clean, slight off colored along the coast. Further offshore and around the islands down the ridge (152, 277, 209) the water is clean. Water Temps ranging from the Mid to Upper 60's. Winter storms set up for the near future, conditions to change.



Chlorophyll



Temperature

Lunar Cycle:
Full Moon November 22nd, New Moon December 6th

Lobster:
Good reports of lobsters being caught along the coastline and at Catalina for both Divers and Hoop Netters. Make sure you know the regulations and have all necessary items. CA DFG has been actively checking!!!

Catalina:
Water Temps staying mid- to Upper 60's around the island. Bass, Bonito and Yellowtail are still being caught. Marlin released last weekend off East End (tight to the island). It's still worth trolling jigs while travailing around this area. Will the last Marlin of 2018 be caught in late December???

San Clemente:
Larger sized Bluefin have moved out to the Cortez and Tanner Banks. Squid have settled in at Pyramid and Yellowtail are biting! Before you go, make to check the Navy website for closure dates and times. www.scisland.org/schedules/safetyZoneUse/days

Nearshore / Coastal:
Good reports of Halibut being caught off Dana Point in 80ft to 120ft with reverse dropper loop fishing using Mackerel as bait has been working. There are rumors of some White Seabass above Dana Point, worth looking for while making bait. Bass along kelp line Newport Art. Reef, Crystal Cove, Salt Creek, Dana Point, San Mateo, San Onofre, Barn Kelp and La Jolla…..

Offshore:
There are limited reports coming in from the local banks (267, 209, 181). Smaller grade Yellowfin Tuna and Yellowtail have moved further south, about 60nm south of Point Loma.
