President's Message

With improving weather and water conditions nearshore and offshore it's time to fish!

We have completed the first two DAC Tournaments in April, Artificials Tournament and All Species Tournament. We had some challenging conditions that made it tough to find tournament winning fish. Congratulations to all that got out and caught fish during these tournaments. Official tournament results will be posted soon.

Now it's time for the Line Class Tournaments, starting with the Halibut Tournament, followed up with the White Seabass Tournament. If you have any questions regarding the upcoming DAC Tournament Rules, need clarification or need assistance with any rigging light line & leader, feel free to contact myself or Scott Kingsmill – DAC Fish Chair.

We are looking forward to seeing you all at the DAC Boat Show and Dock Party on May 18th. This is a fun event and is the perfect time to meet up with new and existing DAC Members.

Make sure to post reports and pictures on the DAC Website. This is a community resource for all members to use and share information. Can't access the website or forgot your password? Reach out to the DAC Board, we'll get you back online.

Good Luck and Go Fishing!!!

Fish Report

by Scott Kingsmill

Bluefin tuna are being caught by day and half charter boats off Ensenada and moving up the line. They should be closer to San Diego by the time you get this report.

A few local bass being caught South of Dana and at Crystal Cove.

Yellowtail are biting at the Coronado Islands too. Sounds like good yellowtail fishing at San Clemente Island from White Rock to Pyramid Cove with good size fish in the mix. The last few days small yellowtail have been seen on patties 3 miles off Dana and outside the 14 mile bank. Heard it was tough to get them to bite.

Good luck everyone.

Artificials Tournament Report

By Rodger Healy

The sea was angry that morning that I left the harbor... Argh!

I went up to the point and through plastics looking for a few legal calico bass, because it would be a good start. I watched kayakers catching bait and others catching fish and I didn't catch anything.

But I did start catching several small calico bass. Then I made the trip up the coast to Crystal Cove to make sure I didn't have any lost lobster traps up there and you never know when they might pop up. I started fishing Irvine Point caught a few legal calicos like 15" and came back down the coast later that afternoon and fished all through South Laguna, for a couple more shorts and one legal. But not bigger than my first fish.

Then I went out and fished one little spot of kelp with hard bottom. I caught one bass in every single drop. It just goes to show to keep trying until you find the right spot because you never know when they are going to bite. None were big, just legal.

Then I called it a day and came in because it started to get windy. Weigh my fish at the dock and submitted my weigh slip and then went to Turks. The end.

Greetings and Happy Springtime!! This is a super exciting time of the year; the weather is getting better. Bluefin are showing and moving up the line, the yellowtail are abundant and the water temps are rising! It's time to clean up the boat, service the reels, and replace the fluorocarbon leaders in preparation of an epic season again.

DAC is growing and we have welcomed many new recent members. One of the best events of the year is coming up on May 18th, the boat show at the guest slips adjacent to Baby Beach. This is an awesome event for member's family and friends to eat and drink along with talking fishing. This has been my personal favorite since joining several years ago as I always meet new friends and guess what?? We have a lot in common; boating, fishing, caring about the ocean and wildlife and just having a great time.

We are very hopeful you can come and enjoy the great food, drinks, people, raffle and general fun for the boat show but if not please always be safe and we will see you at the next meeting.

Welcome New Members!!
